How to install MetaMask Chrome Extension

Below is a step-by-step guide on how to successfully install the MetaMask chrome extension to your chrome browser.

1. To start, click the link above, or head to https://metamask.io/download

2. Click "Add to Chrome"

3. Click "Add extension"

4. After your download finishes, click the puzzle icon in the top right corner of your page, and make sure to pin the Metamask icon to your browser

5. Next, click "Get started"

6. Click "Create a Wallet"

7. Click "Agree"

8. Next, create a strong password, something that will be hard for others to guess, but easy for you to remember

	MetaMask - Chrome Web Store × 🐹 MetaMask × +	`

	Metamask Create Password	
	New password (8 characters min)	
	Confirm password	
	••••••	
	Leave read and agree to the Terms of Use Create	

9. Watch the short video, then click "Next"

10. This next step is very important! Click to reveal your secret words, write them down, and then never share them with anyone! These words act as a second password for your account.

	METAMASK Back Secret Recovery	Tips: Store this phrase in a password manager like IPassword.	
	Your Secret Recovery Phrase makes it easy to back up and restore your account.	Write this phrase on a piece of paper and store in a secure location. If you want even more security, write it down on multiple pieces of paper and store each in 2 - 3 different locations.	
E	WARNING: Never disclose your Secret Recovery phrase. Anyone with this phrase can take your Ether forever.	- 3 different locations. Memorize this phrase. Download this Secret Recovery Phrase and keep it stored safely on an external encrypted hard drive or storage medium.	

11. Next, enter your secret words in the order from the previous page. Make sure you store your written secret words in a secure place, such as a safe or vault. Click "Confirm" afterward.

	Congratulations	
	You passed the test - keep your Secret Recovery Phrase safe, it's your responsibility!	
	Tips on storing it safely	
	 Save a backup in multiple places. Never share the phrase with anyone. Be careful of phishing! MetaMask will never spontaneously ask for your Secret Recovery Phrase. If you need to back up your Secret Recovery Phrase again, you can find it in Settings -> Security. If you ever have questions or see something fishy, contact our support here. 	
	*MetaMask cannot recover your Secret Recovery Phrase. Learn more.	

13. We can see that only ETH is showing currently. Let's add another asset by clicking "import tokens"
